

West Side Sports Foundation

Chance for teams to enjoy the game

Wall Advertisement Program

Looking to promote your business but don't have any way of doing that? Is your business looking to get its name out to get those customers that will help make your business go straight to the top? Well look no further. West Side Sports Foundation is here to help make those dreams become a reality. Help support the foundation by advertising your business on a wall sign around our soccer field. We ask for business around the local community to support the foundation by committing to buy a wall sign.

Proceeds from this contribution will be used to upgrade the facilities around the gym. The foundation is moving forward with Soccer field upgrades along with gym upgrades where we play volleyball and basketball in. These contributions will go along with resurfacing the turf field where we play soccer on to give it the best surface to play indoor soccer on in town. If we can get these upgrades done, we can host leagues throughout the year and also host weekend tournaments for the best players in town. Contributions will also go into the purchasing of new volleyball nets, new basketball hoops that have been here since the gym was originally open in 1999. With these contributions it will help upgrade these facilities so we can host all sports camps in the designated off season for those sports.

. We are asking for a **three-year commitment** from your business or corporation to help our sports foundation. We will use every contribution into making these facilities the best in the area for recreational sports around. **Your company will be responsible for the price of the sign and that's the only time you will have to pay for it. You can either go to a sign company or we have a company that will make the sign for us.**

1st Year Commitment

4x8- sign
\$300.00

Goal Post (2 Available)
\$600.00

2nd Year Commitment

\$300.00
